Preface

The Wickwire Family held special interest to me because my father was born and raised in Milford Station, Hants Co., NS, and Wickwire's were amongst the first settlers to that village, in fact it was first named as "Wickwires" before the name was changed to Milford Station.

A very complete genealogy of the family, including early English history, can be found in the book below.

There are two founding families of Wickwire's in Nova Scotia- John[1], Christoper[2], Zebediah[3], Dyer[4] is the branch that came to Wolfville from New London, Connecticut and Dyer's son David[5] moved to Milford Station. The other branch is John[1], Peter[2], Peter[3], Silas[4], who moved from New London to Cornwallis in 1760.

In Chapter 1 (starting on Page 4, Index p. 20), I have copied the two branches directly from the book, for four generations. I kept the Register numbers from the original work when copied directly into all three chapters, so names can easily be referred back to the source. Then to keep the two family groups together, I separated each family into Chapter Two (starting from Dyer[4], Page 22, Index p. 58) and Three (starting from Silas[4], Page 66, Index p. 87). I reviewed all of the Nova Scotia Historical Vital Statistics data and Nova Scotia census data (1871-1921) for inclusion in Chapter 2 and 3.

Additions/corrections are always welcome!

Chapter 1: The England and New England Roots

First Generation

---

1. John Wickwire. Born in Wotton-under-Edge, Gloucestershire, England. John died in New London, CT in 1712.

JOHN Wickware, the ancestor of the American family of Wick-Ware and Wickwire, settled at New London, Connecticut, in 1675. He is supposed to have been the son of John and Mary Wickware, of Wotton-Under-Edge, England, baptized 18 May, 1656.

He was a soldier in King Philip's War, and was engaged in the Great Swamp Fight, December 19, 1675, when the powder of the Narragansetts was broken. For his service in this war he afterwards received from the General Court a grant of 140 acres of land in Voluntown. (Bodge, Soldiers of King Philip's War, pp. 442, 445.)

He settled in the North Parish of New London, (now known as Montville). His name appears on the list of residents of New London in 1676.

On Nov. 6, 1676, he married Mary Tonge, daughter of George[1] and Margery Tonge.

---

[1] George Tonge was an early settler at New London, and in 1656 the general town meeting chose him to keep an inn for five years. In those times only trustworthy citizens were accorded this privilege. In the same year he purchased a house and lot on the Thames river, "and here he opened the house of entertainment which he kept during his life, and which, being continued by his family, was the most noted inn of the town for 60 years." '

(1) See Caulkins' Hist, of New London, 289.

George Tonge and Margery his wife had three daughters, namely: Elizabeth, born Oct. 20, 1652, who married Gov. Fitz John Winthrop; Hannah, born July 20, 1654, who married Joshua Baker (see Bakers History of Montville, pp. 153 to 175) ; and Mary, born Sept. 17, 1656, who married John Wickware.

On December 14, 1663, a tract of 200 acres of land in the North Parish was granted by the proprietors of New London to George Tonge (3 New London Deeds, 14, 15; see appendix D). He received also other grants. He died about 1670.'

On May 7, 1670, Margery Tonge, as administratrix, transferred to Joshua Baker, her son-in-law, a dwelling house originally acquired of Thomas Stanton, (vol. 5, p. 34).

Richard Poole, an early settler at New London, received a grant of 100 acres in the North Parish, adjoining the 200 acres of George Tonge, and dying in 1662 left it by his will, dated April 25, 1662, to Margery Tonge and her children.

John Wickware was one of the 77 patentees of New London, named in the patent granted by Gov. Winthrop, Oct. 14, 1704.

By deed dated June 30, 1708, he and Mary his wife granted to Rene Grignon the tract of land in Voluntown received for his service in the Indian War.

At the time of his death he owned several tracts of land besides the homestead, and his estate was appraised at over 300 pounds — a considerable sum for those times. He died in March or April, 1712, as appears by Hempstead's Diary. By his will he named his wife Mary Wickware, James Harris, Jr., and Col. John Livingston as his executors. He left his entire estate to his wife "during her natural life and at her death then the said estate is to go to my children."

Following is a copy of his will:
"In the name of God amen. The seventh day of February, 1711/12, I, John Wickwire of the County of New London in the Coloni of Connecticut.

I futturi being very sick and weak in body but of perfect mind and memory thanks be given unto God therefore, calling unto mind the mortality of my body and knowing that it is appointed for all men once to dye do make and ordain this my last will and testament, that is to say, principally and first of all, I give and recommend my soul into the hands of God that gave it, and my body I recommend to the Earth tobe buried in decent Christian burial, at the discretion of my executors, nothing doubting but at the general resurrection I shall receive the same again by the mighty power of God, and as touching such worldly estate wherewith it hath pleased God to bless me in this life, I give, devise and dispose of the same in the

---

George Tonge had also acquired a tract of 40 acres in the North Parish, originally granted to Thomas Stafford.

On July 20, 1689, the estate not having been divided, Margery Tonge granted to Joshua Baker full leave to go upon and use the farm, including her interest in the Poole tract. (5-131)

On Mar. 11, 1690, Margery Tonge, "in consideration of great love and affection to my loving grandchild, George Wickware, the son of John Wickware and Mary his wife, my daughter," granted one-half of all her right in "the farm that was on the land of Richard Poole." (5-140)

On Sept. 17, 1692, commissioners appointed by the court to divide the estate of George Tonge executed an instrument apportioning a part of it as follows: "That hundred acres of Poole's, the middle part for Elizabeth Tonge, that end next the Coave to Hannah Baker, and the west end to Mary Wickware ; that which was Thomas Stafford's the middle part to Elizabeth, the souther- most part to Mary Wickware next her own, and the northermost part to Hannah Baker ; and the two hundred acres originally George Tonge's, the eastermost part of it to Hannah Baker, the middle to Elizabeth Tonge, and the western end to Mary Wickware ; * * *
the other estate we have not yet settled." (5-149)

On Aug. 14, 1694, Elizabeth transferred to Joshua Baker all her interest in the Stafford and Poole tracts, and in return appears to have acquired Hannah's interest in the tavern property. (5-197) Caulkins states (p. 289-90) that Madam Winthrop inherited the inn.

As stated above, Elizabeth Tonge married Fitz John Winthrop, Governor of Connecticut from 1698 till his death in 1707. They had only one child, Mary, who married Col. John Livingston, one of the executors of John Wickware's will. After the death of Gov. Winthrop, in 1707, Elizabeth resided at the inn. She died April 25, 1731. Her will, dated Dec. 2, 1730, makes several specific bequests, and contains the following residuary clause: "Item. My will is that the residue of my estate not before disposed of be divided according to the discretion of my executors between the two daughters of sister Wickware."

following manner and form, imprimis. I give and bequeath to Mary Wickwere, my dearly beloved wife, whome I likewise constitute, make and ordain my Executrix of this my last will and testament.

Item. the best of her knowledge and if any thing further appear to be his Estate, that is considerable, it shall be added to this Inventory.

Test. George Denison, Cler."

Some inferences may be drawn from this inventory. The bible suggests the religious spirit of that age. The "7 books" indicate that John Wickware was an educated man, and in view of the scarcity of books, and the fact that the first printing press in Connecticut was set up in 1709, it is not strange that he did not possess more books. The flint-lock gun, bayonet, "catoos box," ammunition and rapier, are graphic reminders of the Indian War in which he bore his part, and of the dangers which beset the lives of the primitive pilgrims. The use of the word "Mr." before his name, in the clerk's certificate, indicates his social position, as in those days that title was applied only to men of social rank. Pursuant to the testator's wish, expressed in the will, Mary Wickware made various conveyances to her children of portions of the estate.

Children of John and Mary (Tonge) Wickware:
I. George, b. Oct. 4, 1677; nothing further is known of him, except that he received from his grandmother the transfer above mentioned, dated May 11, 1690.

2 II. Christopher, b. Jan. 8, 1679-80.

3 III. John, b. Dec. 2, 1685.

IV. Elizabeth, b. Mar. 23, 1688-9; m. at New London Sept. 9, 1708, Jonas Hamilton, b. about 1678, son of David Hamilton, a Scotchman of Berwick, Maine, who was killed by the Indians Sept. 28, 1691. He and his wife were bapt. at N. L. June 25, 1710. He joined the church at New London, Oct. 8, 1738. In 1748 Jonas Hamilton was described in a petition to the General Court at a member of the church in the parish of New Salem. In 1746, he signed his name as a witness to the will of his brother-in-law, Christopher Wickware. The Probate Journals describe him as of Colchester in 1747. The births of his children are all recorded at New London.

Second Generation

Family of John Wickwire (1) & Mary Tonge

2. Christopher Wickwire (*John*[1]). Born on 8 Jan 1679 in New London, CT. Christopher died in New London, CT, in 1747; he was 67.

Second Generation. 2 CHRISTOPHER* (John'), b. Jan. 8, 1679-80; married Elizabeth, resided at the North Parish of New London, now known as Montville; and later removed to Lyme. On Sept. 21, 1724, he and his children Ichabod, Solomon, Nathan, Elizabeth, Ann and Mary, were baptized by Rev. James Hillhouse, pastor of the Second Congregational Church, at the North Parish. His son James was baptized by the same clergyman on Oct. 23, 1726, and his son Zebediah on Mar. 22, 1729-30.

On Jan. 16, 1716-17. he conveyed to Lt. Col. John Livingston a tract of land at New London for 118;^. The deed was acknowledged at Norwich. One of the points described in the deed is "a cellar that John Wickwere built." On June 25, 1731, he transferred to John Viber certain land at the North Parish. One of the calls in the deed is "a place where John Wickwire built a cellar.' The testimonium clause reads as follows: "In witness whereof the said Christopher Wickwerr and Elizabeth his wife in token that she resigns all her right of thirds in the granted premises have hereunto set their hands and seals the 16th day of January 1716-17 in the third year of the reign of King George the Second." On Sept. 26, 1733, he transferred to John Rogers, Jr., for 12;^ a one- third part of a whole right in the common "which was allowed by the proprietors of New London unto my Hon'd. Father Mr. John Wickwere, deceased." On Sept. 27, 1734, he conveyed to "Johnathan Wickwere of Norwich," for 30;^, 32 acres of land on Pole's Hill, lately belonging to Mrs. Livingston, and bounded on the home as laid out "unto the heirs of my Hon'd. Father John Wickwire, formerly of New London, deed., on account of his division in the outside Common and inside on Gray Commons, as the same is entered in the Proprietors Book Sept. 27, 1733." In these deeds he is described as "of New London." It appears that he did not remove to Lyme till after 1734. On June 5, 1739 Christopher Wickwere" of New London, now resident in Lyme," conveyed for 210;)C to Peter Wickwere his farm in the North Parish near Stonybrook.

The will of Joshua Baker, dated May 25, 1740, devises certain land partially described as follows: "Beginning at Peter Wickwire's south corner of a certain piece of land which he bought of his brother Christopher, and so running a west line until it comes to Samson Haughton's northwest corner," etc.

The last will and testament of Christopher Wick ware, or Wickwere, as he spelled it, reads as follows:

"In the Name of God Amen.

I Christopher Wickwere of Lyme in the County of New London and Colony of Connecticut in New England, Husbandman, Do this twenty-sixth day of October in the year of our Lord God one Thousand Seven Hundred Forty and Six being sick and weak in body but of perfect mind and memory Thanks be given unto God, therefor, and calling unto mind the mortality of my body and knowing that it is appointed for all men once to Dye, Do make and ordain this my Last Will and Testament, That is to say Principally and first of all I Give and Recommend my soul into the hands of God that gave it and my body I recommend to the Earth to be buried in Decent Christian Burial at the Discretion of my Executors, nothing doubting but at the Generall Resurrection I shall receive the same again by the mighty power of God, and as Touching such worldly Estate wherewith it hath pleased God to bless me in this life I Give, Devise and Dispose of the same in the following manner and form.

Item. I give, devise and bequeath unto my Daughters, namely Elizabeth the wife of Joshua Baker of New London, Ann Chapman widow, Mary the wife of Nathaniel Avery of said Lyme and Bridget, all my Household Goods to be equally Divided between them share and share alike after my said three last mentioned Daughters be made equall with what my said Daughter Elizabeth hath already had of me.

Item. I make and ordain my sole executors of this my last will and Testament my sons Solomon and Nathan Wickwere.

In witness I have hereunto set my hand and seal the Day and year first above written.

The will is endorsed as follows :
"The Last Will and Testament of Christopher Wickwere

"At a Court Holden Feb. 10, 1746/7

Test. Pygan Adams." '

The Probate Journal at New London contains the following entry under the same date, viz.: "Zebediah Wickwire upwards of 14 years and Bridgett Wickwire upwards of 12 years, minors, children of Christopher Wickwire, late of Lyme, deceased, appeared and made choice of Jonas Hambleton of Colchester to be their guardian."

Solomon Wickwire as executor appeared and asked that freeholders be appointed to divide the estate among the children according to the will, "there being no persons nominated in sd will to divide the same." The court appointed Capt. Jon^. Latimer of New London and Stephen Gardner of Colchester.

The inventory mentions among other things a large number of agricultural implements, a gun, a saddle and bridle appraised at 10;;^, a pair of silver buttons and four silver buckles, a great wheel and iron spindle, a sword, three oxen, two horses, numerous cows, calves and swine, and "the profits of a lease of the farm which is three years to come." The total value was 509 pounds and nine shillings.

On April 11, 1749, Solomon as executor filed a list of debts aggregating 124, 4, 11 which he had paid, and the payments were approved.

Children of Christopher and Elizabeth Wickwire (order of births uncertain) :

6 I Ichabod,' b. about 1713.

II Solomon, b. about 1715. The Colonial Records of Connecticut, Vol. 9, page 371, show that in May, 1748, a memorial was presented to the legislature of Connecticut by Solomon Wickwire and twenty-two others, members of the church in and inhabitants of the society or parish of New Salem, "lying partly in Colchester in the County of Hartford and partly in Lyme in the County of New Haven," praying that they might be authorized to call a minister and levy a tax for the support of the church. The land records at East Haddam contain a record of a deed, dated December 31, 1753, by George Dolbear of New London to Solomon Wickwire "of East Haddam, County of Hartford and Colony aforesaid, parish of Millington," conveying about fifty-three acres in Millington, for a consideration of two hundred and fifty pounds. On the same date Solomon deeded the land to James and Zebediah Wickwire. On April 19, 1760, Zebediah quit claimed to James "of Colchester" one-half of said tract, which "said Wickwire and I bought in partnership of our brother Solomon Wickwire." Land at Ashford was conveyed to Solomon by various deeds, dated in 1767, 1768, and 1771. He was a soldier in the French and Indian War, serving in Capt. Edmund Well's Hebron Company, in 1756. He probably raised a family at Ashford, but their names have not been ascertained. His name appears as a resident of Ashford in 1790 in the first census.

On Mar. 31, 1733, 32 acres of land on Pole's Hill were laid out to him. On April 19, 1736, he was appointed a member of a committee to employ Rev. William Adams. On Mar. 7, 1736, he was a member of a committee to treat with the Indians regarding a meeting-house. In 1740 he was an attesting witness to the will of Joshua Baker.

He married Feb. 29, 1720-1, Patience Chapel, b. 1699, daughter of John and Sarah (Lewis) Chapel, and granddaughter of William and Christian Chapel, the ancestors of the Chapels of Montville. The banns were published Sept. 11, 1720. Hempstead's Diary, under date of Sunday, Dec. 1, 1734, records: "An infant of Peter Wickwire's buried between meetings." Under date of Feb. 6, 1742-3 the Diary says: "The widow Hannah Baker an aged woman about 88 died in the N. Parish at Peter Wickwire's (she was his

aunt)."

The will of Peter Wickware, dated August 10, 1744, proved Sept. 11, 1744, provides first that all his debts shall be paid. It bequeathes to Patience, his "dearly beloved wife," a sorrell mare, side saddle and bridle, two good milch cows, one feather bed and furniture, and one third of all his real estate "during her widowhood"; to Peter, his son, "all the money that the Hammond farm sells for," one mare, saddle and bridle, and teaming implements; to his daughter Sarah 100 pounds, one milch cow and a feather bed; to his daughter Amey, "when of age of 18 years," 100 pounds, one milch cow and a feather bed; to the rest of his sons, viz.:
George, Joseph, Jeremiah, Samuel, John and Ezekiel, all the rest of his estate to be equally divided among them "when they shall come of full age, and to be bound to some trade as soon as they come of the age of 14 years, at the discretion of my executors." His wife Patience and son Peter were named as executors. David Jewell, Benjamin Wheat, and Joshua Raymond were witnesses. The inventory was filed Oct. 4, 1744. Among the numerous articles listed were "one Beever hat," appraised at two pounds and 15 shillings; one pair of silver shoe buckles, appraised at two pounds; another pair of shoe buckles, appraised at one pound and 15 shillings; one great coat appraised at seven pounds; and one farm, appraised at 1600 pounds. On March 25, 1760, the executors filed an additional inventory. The total appraised value of the estate was 2634 pounds, 11 shillings, and six pence. On April 7, 1760, upon the petition of his son Peter, three freeholders Jason Allen, Stephen Hempstead and Joshua Raymond, Jr., were appointed to distribute the estate. On Aug. 30, 1765, a very long instrument was filed by these freeholders, apportioning the farm in separate tracts among the sons George, Samuel, Joseph, Jeremiah, Ezekiel and John. It gave to the widow Patience a portion of the farm; "also the great lower room in the dwelling house, and the chamber over it, and the westerly third part of the cellar under said room."

Wickwire House
102 Main Street, Wolfville, Nova Scotia, B4P, Canada
DESCRIPTION OF HISTORIC PLACE
Wickwire House is a two-and-one-half storey, wooden Neo-Classical style farmhouse located on Main Street, Wolfville, Nova Scotia. Situated among mature trees, this simplistically elegant house is located quite close to the road. Only the building is included in the designation.
HERITAGE VALUE
Wickwire House is valued for its architectural features and for its continuity of ownership and use by one family.
One of Wolfville's oldest homes, Wickwire House was built on a plot of land granted to Zebediah Wickwire, a planter from New England, Connecticut, in 1760. The construction date of the home is unclear and it may have been built by either Zebediah or Dyer Wickwire, a relative who bought the property in 1810. A deed from that year describes the house as Dyer's dwelling, which suggests that he lived there before he purchased the land.
Whatever the case, the home remained in the Wickwire family until 1943—over 183 years. Little is known about the family beyond the fact that they were prominent farmers in the area. Zebediah's name was eventually given to one of Wolfville's dykes.
Architecturally, Wickwire House has retained its New England colonial character. It showcases many elements of the Neo-Classical style with its symmetrical, simplistic appearance as well as its delicate window mouldings, pronounced corner pilasters, returning eaves with cornice and its pedimented front gable porch on Doric columns.

Other early settlers were the Wickwire's. Like the Woodworth's they too were New England Planters, settling first in the Valley and coming to Hardwood Lands in 1784-85 and to Milford in 1837. David Wickwire who settled first in Hardwood Lands was founder of the Milford Family. He came first to Mount Pleasant farm, now the Schwartz property, and later his son John Thomas Wickwire who married Isabel Jane Wardrop, bought property from his father-in-law and built himself a house which was known as the Wickwire House. This house stands near the station hill and is now owned by Mrs. Frank Cook, before this house was built however, John Thomas lived for a time in the old Wardrop or Hunter House, where a number of his children were born.

i. **James Alexander**. Born on 13 Aug 1930 in Liverpool, Queens Co., NS. James Alexander died in Toronto, ON, on 25 Oct 2023; he was 93.

JAMES ALEXANDER WICKWIRE. Jim Wickwire passed away peacefully after a brief illness at the Toronto General Hospital on October 25, 2023, surrounded by loving family. Jim was born on August 13, 1930, in Liverpool, Nova Scotia to parents John and Dorothy Wickwire. He graduated from Dalhousie's Medical School in 1957, then returned to Liverpool to be with his wife Grace and their three children. Joining his father's medical practice, Jim was affectionately known in the community as "Doctor Jim", and his father as "Doctor John". He spoke proudly of working alongside his father, a strong father-son team. Jim furthered his studies and gained a specialization as a radiologist. He practiced radiology for the next fifty years and worked primarily in Newfoundland and then Ontario. His accomplishments included Chief of Radiology at Grace Hospital, Newfoundland, Chief of Radiology and Staff at the Stratford General Hospital and Chief of Radiology at the Chatham Kent Health Alliance. Jim was known as a mentor in the field, and for this he will forever be remembered. He was proud of being a part of the momentum of change in a medical field that was continuously evolving. Forward-looking as he was, Jim loved technology and embraced it throughout his life. Jim absolutely loved all sports and was an accomplished athlete in his own right. Baseball was his first love, and he became a proficient pitcher for the Liverpool Larrupers, where he was eventually scouted by the Montreal Royals. Jim took up curling in his late 20s and won the Maritime Junior Curling Bonspiel in 1962. Jim was also an avid sailor, a passion he shared with his first wife Grace, and they enjoyed an adventurous sailing life for twenty years on their boat, It's Magic, both in Georgian Bay and later throughout the Caribbean. To be in Jim's company meant to be exposed to his love of music. Jim, a saxophonist, loved all types of music but especially country music, an interest born in his teen years utilizing his home-made crystal radio that could pick up broadcast signals all the way from the USA and magically deliver up iconic music shows such the Wheeling Jamboree Country Music Show from West Virginia. In 1997, Jim found love again with Shirley Logan. Both widowers, Shirley and Jim bonded over their loss and to their surprise, a magical and unexpected love for each other grew. Married in 2001, surrounded by family and friends, Jim and Shirley had twenty-six wonderful years together between their homes in Toronto and Creemore. A major part of their lives centered around their beloved Mad River Golf Club where they golfed and built many deep friendships. Jim was passionate about the game. In his 88th year he shot an 88. Shooting one's age apparently has currency amongst the Friday Morning Men's Group to which Jim was dedicated and loved. Jim was a gentleman golfer, always encouraging of others and at the ready to pick up a club inadvertently left behind. When they weren't on the golf course, Shirley and Jim were avid bridge players. Their membership at the B & R was home to a wonderful group of friends. Predeceased by his wife, Grace (in 1996), Jim (or 'Gompie') is survived by his beloved wife Shirley Logan; his loving sister Joan Chandler Parker; daughters, Wendy (Michael), SueAnn (Stephen) and Kimberly (Graham); stepdaughter Janet (Tom), stepson Bruce (Lynne); grandchildren,

Leithen (Alice), Patrick (Allison), Jessica (Scott), Jennifer (Aaron), Charlie, Nicholas, Madeleine, Kaleigh, Connor, Cole; and his great-granddaughter Dorothea.

Wendy Wickwire, the writer, resides in Victoria, British Columbia. Wendy was born in Liverpool. She is the daughter of Doctor Jim and Grace Wickwire and her grandparents were Doctor John and Dorothy Wickwire. Wendy and her husband Michael are both teaching at the University of Victoria. Michael is in Law and Wendy in History/Environment Studies.

Born February 21, 1961, in Sydney, Cape Breton, George was raised by his parents Anna and Walter Keys, alongside his late brother David and his brothers Eric and Bruce Keys. Quirky, creative, curious and kind. George was a husband to one, a dad to two, a brother to three, and a friend to all. He had the unique ability to strike up a conversation with anyone—charming people with his encyclopedic knowledge of music, brilliant banter, and sharp intelligence. When he was 23, George moved to Halifax where he later started his 29 years of work as an electrical technician at Nova Scotia Power. He was known to his coworkers as the go-to guy if they had a question or issue. A natural problem solver, George was always quick to help with unparalleled patience and curiosity, occasionally accompanied by his beloved dog Otto on late-night "disconnects." George was diagnosed with multiple myeloma 5 years prior to his passing. Over those 5 years, he travelled, hiked, cycled, and bought countless albums at local Halifax record stores—an unwavering smile and quick wit always accompanying him on his adventures. Together with his wife, Donna Keys, they raised two beautiful and intelligent women, Maria and Rachel Keys, who share his love of life, music, and silliness. He will be profoundly missed as a loving husband and father, a supportive brother, a close brother-in-law, and a fun uncle to many nieces and nephews. Though he didn't talk about it, George made an effort to support many charitable organizations. Even through challenging times in his own life, he looked for ways to make others' lives easier. That was his nature; he asked for nothing and gave so much. There will be a gathering to remember George on Sunday October 17th from 2-5pm at Banook Canoe Club. Those who knew George know that he loved to chat—so please come with stories and memories to share.

Over the years, Mum enjoyed volunteering at the Windsor Elms, Hantsport Food Bank, Hantsport Memorial Community Centre, Hantsport Hospital Auxiliary and the Hantsport Fire Department Ladies Auxiliary. She was active in the Lockhartville United Baptist Church as a deacon and faithful member. She was also involved in and valued organizing the Apple Blossom Festival teas and the royal party visits to Hantsport. She enjoyed being a member of the Crown Jewels (Red Hatters). We were gifted with a wonderful, caring supportive mother who was our biggest fan cheering us on at sports, school events, pageants and in life. She never hesitated to volunteer to drive, chaperone, organize or fundraise for our activities. She wanted only the best for us and for us to be our best. She gave selflessly, not only to us but also to her extended family members, being a caregiver to several over the years. She was a huge fan of Canadian figure skating, especially Kurt Browning and was thrilled to attend skating competitions and ice shows meeting the skaters. She was a keen follower of the British Royal Family and their fashion sense. Mum loved the music of Rita MacNeil and Anne Murray and the opportunities she had to meet them in person. She not only loved people but also adored her Sheltie dogs. She had a very special place in her heart for a certain Schnauzer named Martini. Thank you to all of Mum's friends and her neighbors from Evangeline Drive and Pleasant Street. Your support, stories and laughter shared brought much comfort. Thank you especially to Fred, Beth and Martini Martin, Mary Ruffell, Tatum Smiley, Marilyn Bishop, Lynda and Rick King, Cathy and Tom Wieclawski, Donnie and Janet Caldwell, Ben and Bobby Jo Johnson. Special people sometimes come into our lives during those times when we need someone the most. Darcy Miner was that person for Mum and for us. Thank you "Trouble" for being such a tremendous support to our Mum during these last difficult weeks. She "hired" you for many roles but you were best at being her guardian teddy bear.

They had one child:

i. **Donald Edward**. Born on 1 Jun 1948. Donald Edward died on 20 May 2026; he was 77.

> Donald Edward Ross, 77, of Hardwoodlands passed away peacefully on the morning of May 20th, 2026 with Shirley, his wife of 58 years by his side. Born in Truro, Don grew up in Milford and was always a hard worker and a helper. Shirley started stealing his jacket in high school to get his attention, and the rest, as they say, is history. Don loved working in the woods and would have done it forever if Shirley hadn't told him to get a real job. He did, but he still spent a heck of a lot of time out there fishing, sometimes getting nothing more to show for it than wet socks. Donald's happy place was his garage. A mechanical MacGyver, he prided himself in being able to fix just about anything (mostly things he, himself, broke) and was the go-to guy for his children, grandchildren, and the occasional stranger when a problem arose. He could often be found cruising around Elmsdale in his Ford pickup for his morning coffee runs, making visits with lots of stories to tell. Donald never met a cookie he didn't like, and could hear the crack of a can of Keith's from a mile away. He enjoyed playing cards while listening to the Saturday night country classics or watching baseball and hockey with the family. Donald was predeceased by parents, Roy and Harriet Ross (Carroll), brother Terry, brother-in-law Barry, and nephew Jonathan. He is

survived by his wife Shirley (nee: Lewis); children, Eddie (Anya), Steph (Leonard), Dawn, and Mike (Candice); grandchildren, Nikita, Gabby (Greg), Kaylee (Connor), Bryson (Mateya), Jeremy, Cole, Carrigan, Tyler, and Jake; great-grandchildren, Jo, Jensen, Lincoln, and Harper; siblings, Bus (Marjorie), Carl (Judy), Estella, Kenny (Joanne), Mary Jane, sister-in-law Barb, and many nieces and nephews. Don's grit, tenacity, and (let's face it) stubbornness gave his loved ones the gift of extra time, for which we will always be grateful.

Mrs. Patricia Mary Dill (Pat) Obituary. It's with heavy hearts that we must announce the passing of Pat- our beloved wife, sister, mother, grandmother, and mother-in-law. Born and raised in Halifax, daughter of L. Vivian (Whalen) and Julius Sullivan. Pat attended Saint Joseph's elementary school, then Saint Patrick's high school. Following high school, she went to Mount Saint Vincent for a Bachelor of Arts, then Master of Social Work from St. Mary's university and the Maritime School of Social Work. Pat's first employment was as a child social worker at the Child Guidance Center at the Children's Hospital in Halifax. After marrying her husband Alan in 1968, Pat took a hiatus from social work to raise her four children in Annapolis Royal. She assisted in creating a play school for younger children, before returning to social work at Annapolis Royal General Hospital at an outreach clinic of Valley Mental Health. Pat became a member, then chairperson, of the Annapolis Hospital Health Auxiliary, which lead to president of the Nova Scotia Association of Health Auxiliaries, then president of the Canadian Association of Health Auxiliaries. She was subsequently awarded and recognized provincially for her volunteerism in 2003. Upon Alan's 2010 retirement, Pat and he were fortunate to have made three volunteer visits to KwaZulu-Natal, South Africa, with NGO "Edzimkulu" - a society to provide assistance to children with HIV and tuberculosis. There, she worked part time in a local orphanage, helped to build and train teaching staff for a pre-school and participated in a social community conference promoting gender equality in South Africa. Pat is survived by her husband, her sister, Maureen and her four children Andrew (Janet), Heather (Allan Johnson), Ryan (Sarah) and Matthew (Jennifer), as well as six grandchildren. She was predeceased by her parents and sister Carol Ann.

They had the following children:

i. **Andrew Scott**.
ii. **Heather Lynn**.

Frances Wickwire. In her 102nd year, died peacefully in Halifax on February 2, 2011, after a long and wonderful life of devotion to her family. Born in Saint John, N.B., in 1909, to Frederick C and Blanche (Hayes) Beatteay, Frances was called 'Tig' from an early age. She was the last of her immediate family of two brothers, including her twin brother, George and two sisters. She met her beloved husband, the late William N. Wickwire, Q.C., during her freshman year at Dalhousie University. They had three children. After Bill's sudden death in 1962, Tig raised her seven year old daughter, Deborah, with grace and courage. She was prede-ceased by her husband; her beloved son, Frederick 'Ted' Beatteay Wick-wire, Q.C., and daughter-in-law, Isabel (McAlpine). She is survived by her daughters, Gillian (Hugh) Pullen and Deborah (Les) Grieve; daughter-in-law, Eve Wickwire and grandchildren, Wendy (Eddy) Kinley, Peter (Tara) Wickwire, Nicholas (Elizabeth Wendt) Pullen, Lucy Pullen (Tom Butter) and William, Andrew and Alexander Grieve. She was a loving great-grand-mother to Samantha, Madeleine, Sophie and Ted Kinley, to Tommy, Isa-belle and Harry Pullen and to Gavin Wickwire. She was assisted in count-less ways over the years by Eve and by her niece, Judy Taylor, who were both loved and appreciated. Her last years were made especially pleasant by her caregivers and friends, Viola Osmond and Jackie Dobson.

They had one child:

i. **Frederick B. (“Ted”)**. Born in 1939. Frederick B. (“Ted”) died in 1991; he was 52.

Frederick B. (Ted) Wickwire was educated in Halifax, received his Bachelor of Commerce degree in 1959 and his Bachelor of Laws degree in 1962 from Dalhousie University, and practiced in the field of corporate and commercial law with a special interest in property rights. He was appointed Queen's Counsel in 1978. His service to Dalhousie University involved 13 years as a member of the Board of Governors.

A senior partner in the firm of MacInnes Wilson Flinn Wickwire, in 1977 he was appointed the first chairman of the Nova Scotia Legal Aid Commission. He worked tirelessly to ensure that Nova Scotia barristers maintained a level of uncompromised professionalism. To this end he served as chairman of the Nova Scotia Barristers' Society's Legal Ethics Committee and oversaw the creation of a new handbook on ethics and professional conduct for Nova Scotia lawyers. His service to the legal profession culminated in his election as president of the Barristers' Society in June 1990, a position he held at the time of his death on March 22, 1991.
For his work with both the Nova Scotia Barristers' Society and the development of Legal Aid in Nova Scotia, he posthumously won the Weldon Award for Unselfish Public Service from the Dalhousie Law School Alumni Association in October 1991.
The Schulich School of Law is pleased to co-sponsor the F.B. Wickwire Memorial Lecture in Professional Responsibility and Legal Ethics with the Nova Scotia Barristers' Society.

Frederick B. (Ted) Wickwire QC, a graduate of the School, was the President of the Nova Scotia Barristers' Society. He died in office at the age of 52 in 1991. Ted Wickwire was noted for his commitment to public service and to uncompromising professionalism. Each year, a lecture is held in his memory, focusing on an aspect of professional ethics.

If the field and court could talk…oh, the stories they would tell.
They would talk of the football and basketball legend, Ted Wickwire.
Frederick B. "Ted" Wickwire began his university career at Dalhousie in 1956. That autumn, Ted suited up for his first football game as a starting cornerback. During that game the quarterback suffered a serious injury. The result was bittersweet as rookie Ted assumed the quarterback position and did not relinquish his post through six seasons of varsity football.
During his rookie year (1956-57), the football Tigers did not win a game. Yet, the stands were full of cheering fans out to catch a glimpse of the perseverance and determination of the young team. Ted's individual efforts were recognized by the Nova Scotia Canadian Football League as he was runner-up for Most Valuable Rookie honours.
It wasn't until October 5, 1957 when the team's hard work paid off. Dalhousie recorded a 39-6 victory over the Greenwood Bombers, breaking a 10-game, two-year losing streak. Ted and company never looked back. Ted was the passing and running star, alongside friend and fellow inductee, runningback great, Peter Corkum. The team became a force to be reckoned with and finished second to eventual league champs, the Shearwater Flyers.
The following year (1958-59), Ted, scored one touchdown and passed for another in a game against Stadacona. That effort propelled the team into the league semifinals. Dalhousie finished the season after being edged into a semifinal loss again at the hands of the Shearwater Flyers. The two-game total point series was a heartbreaking 28-20 deficit for the Tigers.
The team continued to improve into the 1959-60 season, the senior year of Ted's undergraduate program. Again, Dalhousie faced Stadacona, this time in the league semifinal. The Tigers were victorious and advanced to the league's championship game. Unfortunately, they fell victim to StFX, a team that would

be the eventual national champions; a first for the Atlantic conference.
Ted's exceptional play and leadership during the 1959-60 season resulted in the conference's highest honour. He was awarded the Duffus Trophy as the Atlantic Football Conference (AFC)'s most valuable player. Also, Ted was runner-up for this award the following year.
Ted's final season (1961-62) saw Dalhousie continue to be a leading force in the AFC. In the final game of his career, he went 15-31 for 142 yards and ran four times for 56 yards. Despite a third place league finish, Dalhousie's superstar Ted was outstanding.
Ted's university football career included rushing for 1100 yards and leading the conference by passing for over 4000 yards. He scored 42 points in league competition. Twice, Ted won the Little Trophy awarded to Dalhousie's most valuable football player (1960-61, 1961-62). He also took home the Climo Award (1959-60), the highest athletic award that can be bestowed on a male Dalhousie student. The award is presented annually to the male who best displays outstanding athletic ability, sportsmanship and team spirit. Ted is remembered as one of the greatest quarterbacks to ever play in Maritime football.
The University honoured Ted and Peter, the living legends, at a ceremony following their last game of varsity football at Dalhousie. It was officially declared that November 11, 1961 was "Corkum and Wickwire Day," marking the end of an era of football at Dalhousie.
On the court, Ted wore the black and gold for four varsity basketball seasons. In his rookie year (1956-57), Ted scored 28 points against Acadia only to out-do his own record the following year (1957-58) by scoring an unprecedented 42 points in a single playoff match against Saint Mary's, putting Dalhousie in the conference championship final. He managed to accomplish these individual feats while being recognized as a superb team player, always willing to pass the ball. Ted had a quiet modesty over his individual achievements. He was more eager to talk about Dalhousie's 1959 basketball upset of StFX. The 56-55 score broke a five-year losing streak against the X-Men.
Other Dalhousie awards bestowed on Ted include a Silver "D" award for his rookie efforts in football and basketball in 1956-57 followed by a Gold "D" in 1958-59. Ted was also honoured with a First Engraving "D" in 1960-61. The monogrammed placards were presented for years of outstanding contribution to Dalhousie athletics.
Ted graduated from Dalhousie in 1959 with a Bachelor of Commerce degree. He was later admitted to the bar after receiving a Bachelor of Law degree in 1962. Ted has served his community and his alma mater well. He was involved with numerous athletic organizations and councils at Dalhousie including three years as Chairman of the Advisory Council on Athletics and 13 years on the University's Board of Governors. He also volunteered his time and shared his expertise with many professional associations related to his profession. In 1978, Ted was appointed the prestigious honour of Queen's Council. In 1990, Ted was elected president of the Barrister's Society and, in 1991, he was presented the Weldon Law Award for unselfish public service.
In 1993, by unanimous vote, the University's Board of Governors renamed Studley Field, Wickwire Memorial Field, as it is known today. A commemorative plaque dedicated to Ted greets players, coaches and visitors upon entry to Wickwire Field.
